By Tina Crouse

August 2015

I am an amateur astrology lover so when ever there is something that you will be able to see with the naked eye I will be sharing the information.

Gardener's Corner

There are many beautiful flowers and plants in our association. I would like to start a plant corner for those that would like to share and swap plants.

We have not lived here long enough to have many flowers yet but I do have daisies to share so call if you are interested.

260-205-0771

We also have several Apples left on the tree. So if you can use some come and pick.

Association Meeting Information

Our association president and our architectural control board member recently attended the Allen County Neighborhoods Association Meeting. I will be sharing this information as it becomes pertinent to what is going on in the neighborhood.

One particular item of interest is the hazards of not addressing dead trees or trees that have the potential to cause harm or damage to person or property.

I have spoken to a small tree company that is willing to come to our neighborhood and cut down trees that are unwanted. They will do this at a discounted rate if we are able

to supply the manual labor to assist with this task. I thought that this would be a great community event. If you have an interest in receiving a quote for tree removal or stump removal please call or email me so that I can have the company give quotes all on the same day. The more trees that we have the cheaper it will become.

BOARD REQUEST

Please keep your porch lights on.
Since it gets dark earlier our addition is very dark
Leaving lights on would help

FACEBOOK PLEASE HELP!!!!

Face book is a fabulous form of communication.
Please join and encourage others to join our new

Nosey Neighbor Information

I am reserving this section for items of information pertaining to new neighbors that have moved in and old neighbors that are leaving. Along with new babies and other information that will help all of us to have a neighborly life together.

I apologize for already being behind. There were so many people moving in and out of the addition over the summer that I could never seem to catch every one at home to find out their names and other information. I do believe I was able

to drop off all of the welcome bags and hope that everyone will fill out the information cards and get them back to the board.
